

Chain Cutter Set Products

CKA

● Order No. Example

CK23A

Chain Cutter Set No.

A range of great-value chain cutter sets that are very easy to use have recently been introduced for widespread use with various component pairs by targeted number.

They are stored within a dedicated aluminum casing for convenient portability.

* CKA handles are short

* Dedicated tools for (1)(2)(3) are included

Order Method

Chain Cutter No. and Quantity

Postage

Same-day shipping

* A user manual is available to ensure accurate roller chain cutting and allow the product to be used over a longer lifetime. See our homepage for further details.

Black Oxide Finish

Precautions

• When cutter pin (1) is tightened as far as possible the lock is triggered and it will be difficult to return. Stop once the chain pin has just penetrated through.

S20C Equivalent

			Hex. Size	12	19	17	

Use Examples

- (1) Cutter Pin
 (2) Pin Holder
 (3) Receiver Holder

Precautions

- 1) Confirm before use whether each cutting component is compatible with the targeted chain number.
- 2) When cutting a chain that uses differing components, any of the components, chain or body may be damaged.

© See P98 to P99 for dedicated chain cutters for the chain number.
